

PRESBYTERIANS  
COMPLETED WORK  
AND ADJOURNED

Assembly to Meet at  
Grand Rapids, Mich-  
igan Next Year

(By The Associated Press)  
INDIANAPOLIS, Ind., May 24.—Sixty six leaders of the Pres-  
byterian church of the United  
States filed with the general as-  
sembly today a protest against  
the assembly's action yesterday  
in condemning the doctrines pre-  
ached by Dr. Harry Emerson  
Fosdick in the First Presbyterian  
Church of New York.

An attempt was made by fun-  
damentalists to vote the protest  
out of the record but Dr. Charles  
F. Wishart, the moderator, ruled  
a protest was admissible without  
consent of the assembly.

The assembly completed its  
eight day session and adjourned  
at 4:15 P. M., to meet at Grand  
Rapids, Michigan, May 22 of next  
year.

One of its last official acts was  
to send down to the Presbyteries  
for their consideration an over-  
ture to amend the church law to  
permit individual Presbyteries to  
sanction the regular appointment  
of ministers of other denomina-  
tions, such as Dr. Fosdick, who  
is a Baptist.

While the overture, if approved,  
would legalize the appointment  
of Dr. Fosdick and others  
outside in special cases, it will  
not change yesterday's mandate  
to the First Presbyterian Church  
of New York and all other  
churches of the denomination to  
see that the doctrine expounded  
in their pulpits conforms to the  
doctrine of the church and the  
Westminster confession of faith.

The protest against yesterday's  
action was signed by Dr. George  
Alexander, pastor of the Church  
where Dr. Fosdick preaches, and  
others. It declared the as-  
sembly's action was based on al-  
legations of the Philadelphia  
Presbytery on conditions in New  
York Presbytery which were  
"not substantiated by the evi-  
dence," that the assembly had  
conducted without proper hear-  
ing, and that the resolution ad-  
opted "seeks to impose doctrinal  
tests other than those solemnly  
agreed upon in the construction  
of our church."

Speaking of it, Dr. Alexander  
under whose direction Dr. Fos-  
dick preaches, told the assembly.  
"Despite the protest which was  
just heard the First Presbyterian  
proceed to carry out the mandate  
of the general assembly. I ask  
for your sympathetic forbearance,  
and I may say cooperation as I  
go back to face the difficult task  
of interpreting this action to the  
members of my church."

The general assembly spent  
most of the morning session to-  
day approving the findings of the  
judicial commission the appel-  
late court, which reviews dis-  
putes and trials before the Pres-  
byteries and synods.

The only case of wide impor-  
tance reviewed was the appeal of  
the Rev. Thomas J. Irwin of  
Lawton, Okla. from the verdict  
of the El Reno Presbytery and  
the Oklahoma Presbytery indi-  
cately suspending him from the  
ministry on charges of conduct  
unbecoming a minister, violation  
of his ordination vows and vi-  
olation of church laws.

RAIL HEADS HEARD  
ON CONSOLIDATION

(By The Associated Press)  
WASHINGTON, May 24.—Two  
presidents of New England rail-  
roads—James H. Hustis of the  
Boston & Maine, and E. J. Pear-  
son of the New York, New Haven  
& Hartford—today laid their  
views on railway consolidation be-  
fore the interstate commerce  
commission.

Differing with the government's  
tentative plans, Mr. Hustis asked  
the commission to leave open sev-  
eral alternatives in proposing con-  
solidation plans for his road so  
that its stockholders and users  
might make the best adjustment  
possible.

Mr. Pearson, while of the opin-  
ion that his road might be left by  
itself, expressed, with qualifica-  
tions, approval of the govern-  
ment's plan of putting all New  
England lines into one system.

MAJOR DETAILS OF  
HARDING TRIP MADE  
Washington, May 24.—Ar-  
rangements of major details of  
President Harding's trip to the  
Pacific Coast and Alaska was com-  
pleted today at the White House  
and formal announcement as to the  
itinerary is expected before the  
end of the week.

Steamship Company  
Discontinues Sailings

(By The Associated Press)  
NEW YORK, May 24.—The  
Spanish Royal Mail Steamship  
Line operating between Barcelo-  
na and New York, has ordered  
discontinuance of all American  
sailings, Luis Blanso, local agent  
for the company announced to-  
night. The discontinuance was  
ordered because of the recent su-  
preme court decision forbidding  
foreign vessels from bringing  
liquor into American territorial  
limits, he said.

The steamship Prince DeSatur-  
tegui, which will sail from Cadiz  
on May 30 and is due in New  
York on June 11, will be the last  
ship of the line to touch here,  
Blanso said. "All ships will be di-

verted to Havana and Vera Cruz  
after that date he asserted.  
"The company decided to can-  
cel sailings because of the con-  
flict between American and Span-  
ish laws," said Blanso. "The  
Spanish laws require us to carry  
liquor for the use of crews, but  
the American laws forbid us to  
bring it within its territorial lim-  
its. The Prince DeSaturtegui  
will arrive dry and will leave here  
dry.

He indicated however that the  
ship would proceed to Cuba on its  
return trip. It would bring ap-  
proximately 200 passengers, he  
said, but many had cancelled  
passage when learning of the su-  
preme court ruling. The com-  
pany operates a small fleet with  
monthly sailings for New York.

CONSTITUTION IS  
BEST CHART FOR  
NATION'S COURSE

In Program of Educa-  
tion and Patriotism  
President Says

(By The Associated Press)  
WASHINGTON, May 24.—The  
preamble to the constitution is  
the best chart for the nation's  
course in a program of education  
and patriotism and citizenship,  
President Harding declared today  
before delegates, representing 50  
educational agencies and organi-  
zations to the third annual con-  
ference of the American council.  
The president made a plea for the  
rededication of the people to the  
aims of their government which,  
he said would furnish the nation  
"a commanding and dominating  
national interest" which had been  
lacking since the World war.

General Pershing, Frank A.  
Vanderlip of New York, president  
of the council, Commissioner  
Tigert, Dr. C. R. Mann, chairman  
of the civilian advisory board of  
the army general staff, President  
Gompers of the American Federa-  
tion of Labor and a number of  
educators addressed the meeting.

Mr. Vanderlip outlined the aim  
of the council as the promotion  
of education for citizenship and  
patriotism by co-ordinating the  
work of the 50 or more organiza-  
tion members.

General Pershing explained the  
organization of the reserve army  
which the war department is  
building up and declared it was  
the best mainstay of the nation.

Mr. Gompers laid emphasis on  
what organized labor has done in  
this country for the advancement  
of education. He also declared  
restriction of immigration is  
necessary until the foreign ele-  
ment already in the United States  
is assimilated.

President Harding was re-elected  
honorary president of the council.

PREMIER BALDWIN'S  
PLANS MISCARRIED

(By The Associated Press)  
LONDON, May 24.—Whatever  
plans Premier Baldwin may have  
had for reuniting the conserva-  
tive party in the formation of his  
new cabinet by bringing in Sir  
Robert Horn, Austen Chamberlain  
and others, they apparently have  
miscarried. Mr. Baldwin is still  
seeking a chancellor of the ex-  
chequer, Mr. Chamberlain  
who was reported to have arrived  
in London last night is still in  
Paris and has seemingly no pre-  
sent intention of joining the gov-  
ernment.

The court returns to London  
tomorrow and the king will hold  
a council, at which the prime min-  
ister will submit his cabinet list.  
This is said to be completed and  
is practically identical with Mr.  
Bonar Law's ministry with the  
addition of Lord Robert Cecil as  
chancellor of the Duchy of Lan-  
caster.

WORST TROUBLES  
OF FARMERS OVER  
WALLACE BELIEVES

Secretary of Agriculture  
Talks to Wholesale  
Grocers

(By The Associated Press)  
WASHINGTON, May 24.—The  
worst of the farmer's troubles are  
over and agricultural conditions  
are better than at any time in the  
last two years, Secretary Wallace  
today told the members of the  
American Wholesale Grocers' as-  
sociation.

The most marked improvement  
he said in an address at the as-  
sociation's annual convention has  
been in the cotton growing states  
and in the corn belt. He said he  
looked for continued improvement  
with the difference between the  
buying power of the farmers' dol-  
lar and that of other workers be-  
ing steadily reduced.

Charles W. Dunn of New York,  
counsel for the American Special-  
ty Manufacturers' association ad-  
vocated legislation to overcome  
judicial decisions that release price  
maintenance contracts are illegal  
and to permit the manufacturer  
of a standard article to determine  
a standard price for it.

CONSOLIDATION TO  
SOLVE R. R. PROBLEM

(By The Associated Press)  
DES MOINES, Iowa, May 24.—  
Consolidation as a solution of the  
railroad problem was held forth  
by Senator A. B. Cummins of  
Iowa this afternoon in an address  
before the Iowa Manufacturers' as-  
sociation's annual convention.

"I think that it is absolutely  
necessary that the railroads of  
this country be consolidated into  
a comparatively few competitive  
systems," he declared.

"The transportation problem of  
the United States," he said, "is not  
cheaper rates but the maintenance  
of the systems already estab-  
lished and their expansion and  
improvement to meet the growing  
needs of the country."

He again said that failure to  
provide means for the roads to  
thus expand and at the same  
time return a fair dividend on the  
investment would mean "result in  
government ownership. He esti-  
mated that government operation  
would cost \$600,000,000 more  
per year than private operation.

"Consolidation is being opposed  
by two interests," he said, "they  
are those who desire to force  
government ownership, and the  
railroads themselves, who do not  
wish to resume the burden of un-  
profitable roads."

SEARCH FOR SUSPECTS  
IN TRAIN WRECK

(By The Associated Press)  
FORT WORTH, Texas, May 24.—  
The Fort Worth police depart-  
ment late today was ordered to  
search for three men, supposed  
to have been implicated in the  
wrecking of the two Texas & Pa-  
cific passenger trains early this  
morning at Dothan, near Cisco,  
when six persons were killed. A  
fourth man is in jail at Cisco.

UNITED STATES  
GOVERNMENT IS  
BEST IN WORLD

That is Reason it  
Costs So Much John  
T. Pratt Says

(By The Associated Press)  
CHICAGO, May 24.—The cost  
of American government is high  
because American government is  
the most helpful, the most thor-  
ough, the finest—government  
the world ever has been able to  
devise, John T. Pratt of Wash-  
ington, D. C., president of the  
National Budget committee told  
representatives of 75,000 club  
women of the state today at the  
twenty-eighth annual convention  
of the Illinois Federation of Wo-  
men's Clubs. Service, the watch-  
word of government workers  
from top to bottom, he said, can  
result only from organization,  
development and personal effort,  
and the greatest of these is per-  
sonal effort.

The convention was closed to-  
night with a banquet at the Col-  
umbia fine arts building in  
Jackson park, here, at which the  
efforts of the federation's com-  
mittee on restoration of the build-  
ing were reviewed.

At the final business session  
of the convention this afternoon,  
election of officers and resolu-  
tions were the principal concern.

Mrs. George T. Palmer of  
Springfield, and the complete  
state nominated with her at the  
Wednesday session were unani-  
mously elected.

Resolutions passed supported  
the stand of the general federa-  
tion of women's clubs on inter-  
national relations, pledged war-  
fare against the growing traffic  
in narcotic drugs in the United  
States, condemned the novel,  
urged cooperation in national  
movement to reduce sugar con-  
sumption and pointed to the  
need of "better music in the pub-  
lic institutions of America."

Officers elected besides Mrs.  
Palmer are:  
First vice president—Mrs. W.  
W. Seymour, Chicago.  
Second vice president—Mrs.  
N. C. McLean, East St. Louis.  
Recording secretary—Mrs. S.  
A. McKelvey, Sparta.  
Parliamentarian—Mrs. George  
W. Plummer, Chicago.

Director to the general federa-  
tion—Mrs. Edward S. Bailey,  
Chicago.  
All are to serve for two year  
terms with the exception of Mrs.  
McLean, who was elected for a  
one-year office. For the first  
time in the history of the federa-  
tion, elections were held today  
with only one candidate nomi-  
nated for each elective office.

TELLS WHY FARMERS  
ARE IN BAD SHAPE

(By The Associated Press)  
SPRINGFIELD, Ill., May 24.—  
Operating expenses and the rela-  
tively low prices he has received  
for his products and the high  
prices he has paid for what he had  
to buy is responsible for the farm-  
er's economic condition, James R.  
Howard former president of the  
American Farm Bureau Federa-  
tion and now head of the National  
Transportation Institute, declared  
here tonight before the Illinois  
Bankers' association.

"The farmer must pay for labor  
and buy food and clothing, fuel,  
machinery, lumber, feed and live-  
stock in order to produce," de-  
clared Mr. Howard. "These are  
operating costs. He must also  
meet certain fixed charges such  
as interest, rent and taxes. Not  
until after these operating costs  
and fixed charges are met and  
surplus earnings in excess of them  
are in sight does it matter to the  
farmer or any one else whether  
his land is worth a dollar an acre  
or a thousand dollars."

The same principle which ap-  
plies to the farmer applies to the  
railway. A railroad must first  
pay its wages, and its coal bills  
and buy cars and locomotives and  
steel and ties. It is not until the  
fixed charges and operating costs  
are taken from the freight payer's  
dollar that the valuation of the  
railroad really enters into the prob-  
lem of rate-making.

"I am in favor of private man-  
agement of railroads because it  
is more efficient than government.  
I am in favor of letting the rail-  
ways earn a fair return upon a  
fair valuation because unless this  
is done they will not be able to  
raise the new capital required to  
enable them to expand their facili-  
ties and make the improvements  
necessary to reduce operating  
costs, which is necessary if I prosper  
on the farm."

"What the farmers want and all  
they want is a square deal. They  
know they will not be getting a  
square deal until the prices they  
receive for the things they pro-  
duce are relatively as high as the  
prices they have to pay for things  
they have to buy, and they will  
not be satisfied until by a re-  
adjustment of prices, the farmers  
purchasing price has been com-  
pletely restored."

CHINESE BANDITS  
IN PANIC FROM AN  
ATTACK OF TROOPS

Government Troops Deter-  
mined to Force an  
Issue

(By The Associated Press)  
SHANGHAI, May 24.—Panic  
seized the bandits of Paotsuku  
tonight as Chinese government  
troops launched a determined  
advance against the outlaws in  
an effort to break up their com-  
munications and force an issue  
in the international problem re-  
volving about the kidnapping of  
foreigners from the Shanghai-  
Peking Express May 6th.

The Peking government's plan  
to release the captives by force  
apparently is to be put into oper-  
ation at once.

The cordon of troops about the  
Paotsuku stronghold today was  
tightened in all directions. Mes-  
sengers traveling to and from the  
outlaw hill retreat have been  
stopped. Troops are engaged in  
breaking up all the bandit's lines  
of communication in an effort to  
isolate the band that is holding  
the foreigners.

Chiefs of the brigands are said  
to be greatly discouraged at the  
refusal of the diplomatic corps at  
Peking to deal with them and are  
reported to be anxious to come  
to some sort of terms before it is  
too late to save their own lives.  
Fresh parleys are expected to be  
opened immediately with the  
Chinese government representa-  
tives backed up by a strong force  
of loyal troops.

A bandit envoy, accompanied by  
one of the captives as mediator  
is said to have left Paotsuku to  
re-open negotiations but so far  
they have not arrived at Tsaoch-  
wang.

MISSOURI CITY  
IS MENACED BY  
FLOOD WATERS

Carthage Light Plant is Put  
Out of Com-  
mission

(By The Associated Press)  
CARTHAGE, Mo., May 24.—  
Carthage is in darkness tonight  
and menaced by flood waters as  
a result of a cloudburst late this  
afternoon which washed several  
houses off their foundation, put  
the municipal light plant out of  
commission and sent Spring river  
and smaller streams on a ram-  
page.

Damage is expected to mount  
into the thousands of dollars.  
Carter Creek, ordinarily a small  
branch, was swelled into a raging  
stream by the torrential rain and  
in the east part of the city swept  
a dozen or more houses from their  
foundations. One house was car-  
ried a city block.

Scores of persons were rescued  
by the use of boats, trucks and  
by other means. No reports of  
deaths or injuries had been re-  
ceived early tonight.

A number of business houses  
were flooded, entailing consider-  
able damage.  
In the north part of the city  
the Police station is menaced.  
The water from Spring river,  
which is out of its banks flooding  
farm land has reached the door  
of the passenger station and the  
water is rising steadily.

FLOOD IMMINENT  
IN ARKANSAS

(By The Associated Press)  
FOR SMITH, Ark., May 24.—  
With a stage of 24.8 feet reported  
in the Arkansas river here by the  
local office of the weather bureau  
at 7 o'clock tonight the forecas-  
t was made that the river would  
rise 26.5 feet by noon Friday.  
The flood stage here is 22 feet.

Weather bureau officials de-  
clared additional rains this eve-  
ning or tonight will increase the  
amount of flood waters. The  
river is rising at the rate of three  
inches per hour tonight, but this  
rate is expected to be reduced to-  
morrow, unless there is more  
rainfall in Eastern Oklahoma.

HURT BY EXPLODING  
TRUCK TIRE

Waterloo, Iowa, May 24.—E.  
A. McFarlane, a local coal dealer  
was seriously injured while in-  
flating a tire belonging to a heavy  
truck today. He suffered a severe  
scalp wound, a dislocated right  
shoulder and two broken bones  
in the right arm. He was knock-  
ed unconscious. It is believed  
the rim was blown off striking  
him with considerable force.

HELD FOR SHOOTING  
WIFE; HANGS SELF

Chicago, May 24.—Michael  
Oglegio, 48 years old, held for  
the shooting of his wife, hanged  
himself in a police cell tonight  
with a piece of rag he found in  
the cell. Oglegio was arrested  
last Sunday after shooting his  
wife during a quarrel. According  
to the hospital authorities she  
will recover.

Slice \$456,000 Off  
Of Omnibus Measure

(By The Associated Press)  
SPRINGFIELD, Ill., May 24.—  
A total of \$456,000 was sliced  
from the \$18,000,000 omnibus  
appropriation bill by the house  
of representatives during its con-  
sideration on second reading and  
the measure was advanced to  
third reading at 11:45 p. m., to-  
night after 11 1/2 hours had been  
devoted to it.

Tonight the bill's opponents  
succeeded in eliminating \$126,-  
000 from three items, the biggest  
victory, in their opinion being  
the abolition of eight assistant  
commerce commissioners em-  
ployed at a yearly salary of  
\$5,000.

This amendment was hotly de-  
bated for some time, and the  
result was a surprise even to its  
proponents, who were doubtful of  
success. A motion to table it was  
defeated 57 to 48, with 43 Re-  
publicans voting for the tabling  
motion, 23 voting against, four  
Democrats voting against tabling,  
Democrats voting against tabling.

and one independent voting to  
table.

The other amendment adopted  
tonight which reduced or elimi-  
nated certain items were:  
By Church, Republican, Evans-  
ton: eliminating \$25,000 for the  
biennium "for travel" for the  
commerce commission.

By Bruer, Republican, Living-  
ston, reducing from \$25,000 to  
\$4,000 a department of agricul-  
ture item for contingent ex-  
penses.

Several other amendments pro-  
posed by Republicans and Demo-  
crats were defeated and one  
amendment increasing an allow-  
ance was adopted. It provides  
for increasing pay of Aply in-  
spectors a total of \$5,000. A  
large majority favored this  
amendment, one member remark-  
ing that it was "the bee's knees."

The omnibus was made a spe-  
cial order for disposal next Tues-  
day, the earliest possible date. It  
will be rushed to the senate, as  
the time for action on it in the  
upper branch and in conference  
committee is short.

CHEMICAL PLANT  
EMPLOYE FATALLY  
HURT IN EXPLOSION

Plant Representative  
Spoke to Local Ki-  
wanians Thursday

(By The Associated Press)  
CHICAGO, May 24.—One em-  
ployee was fatally injured and  
five others were hurt, some seri-  
ously in an explosion in a labora-  
tory of the plant of Bauer &  
Black, manufacturing chemists  
late today.

Fire broke out after the ex-  
plosion and one fireman was cut  
and bruised while fighting the  
blaze which was extinguished be-  
fore it had reached large quan-  
tities of chemicals in the plant.

Miss Jeanette Lashkowski was  
the employe fatally hurt and died  
at a hospital a short time after  
the explosion.

The explosion occurred with  
terrific force just as the whistle  
blew and 2,000 employees of the  
plant were starting home from  
their day's work. The entire  
roof of the laboratory was blown  
into the street and the sides of  
the laboratory cage were shat-  
tered. The shoes of one of the  
women employees in the laboratory  
were blown off by the force of  
the explosion.

Reported at first to have been  
an explosion of naphtha, officials  
later said that they believed that  
a chemical used to dissolve hard  
rubber in the manufacture of rub-  
ber nipples caused the blast, or  
that the molten mass of rubber  
may have come in contact with  
an electric wire in the laboratory  
cage. A small tank used to store  
benzol was blown to pieces.

BIDS TEN BILLIONS  
FOR 39 RAILROADS

(By The Associated Press)  
CHICAGO, May 24.—Without  
rail transportation, Chicago would  
become again a small trading set-  
tlement on Lake Michigan, C. H.  
Markham, president of the Illi-  
nois Central Railroad declared to-  
night at the annual meeting of  
the Chicago Real Estate board. As  
a feature of the board's entertain-  
ment, various Chicago industries  
were "auctioned."

President Markham bid \$10,-  
000,000,000 for the 39 railroads  
serving Chicago when they were  
"sold" under the hammer.

"These thirty-nine railroads  
make Chicago possible," he  
said. "They bring to the city  
the coal which feeds the fires of  
the countless industries. They  
transport the raw materials and  
finished products. Trainloads of  
cattle, hogs, sheep, arriving at the  
stock yards make trainloads of  
meats and other packing house  
products being shipped to the far  
corners of the land."

MRS. FANNIE LASELEY  
GRANTED NEW TRIAL

Harrisburg, Ill., May 24.—In  
the circuit court here today, Judge  
A. E. Sommers, presiding judge at  
the trial granted Mrs. Fannie La-  
sley, tried and convicted here sev-  
eral weeks for the murder of Mrs.  
Kate Watkins, a new trial.

In granting a new trial Judge  
Sommers said the fact had been  
established that Mrs. Watkins was  
shot and killed but the identity of  
the person who did the killing had  
not been established.

MURDER THEORY  
AGAIN REVIVED  
IN LINCOLN CASE

Letter Written by Missing  
Man is Re-  
turned

(By The Associated Press)  
AURORA, Ill., May 24.—The  
murder theory in connection with  
the mysterious disappearance on  
April 29 of Warren J. Lincoln  
retired attorney, was revived by  
the authorities here today upon  
receipt from the devil letter of-  
fice at Washington of a letter  
written by Lincoln on April 15  
and addressed to Miss Hazel  
Marshall, Wichita, Kansas.

In this letter opened by re-  
latives Lincoln said he had sud-  
denly decided to divorce his wife  
and he had been trying to obtain ser-  
vice on her but had failed to do  
so. He asserted that his wife  
tried to poison him and asked the  
woman to whom the letter was  
written to let him know if she  
found out where his wife was,  
adding that the divorce case  
came up in May. The Lincolns  
formerly lived in Wichita.

Since Lincoln's disappearance  
leaving behind a bloodstained,  
Indian club and bloody clothing  
found in a ditch, the authorities

EIGHT PERSONS DEAD  
IN BITTER FIGHTING

(By The Associated Press)  
GLESENKIRCHEN, May 24.—  
Eight persons are dead—seven  
men and one child—and between  
seventy and eighty are suffering  
from wounds due to bitter fight-  
ing which broke out last night  
in the town between Communists  
and the defense force. The  
trouble had its origin in the se-  
izure by the communists of police  
headquarters in which much de-  
struction was wrought. The  
building was then set on fire.

The members of the defense  
force who were holding the build-  
ing were driven out after hard  
fighting, which was resumed in  
the streets. The casualties were  
about equally distributed between  
the communists and the members  
of the defense force. The com-  
munists today were still holding  
the portion of the police head-  
quarters which was not damaged  
by the flames.

Negotiations have been begun  
by the communists and their sym-  
pathizers with the burgo-master  
with a view of forming a com-  
mission of four to take over the task  
of policing the city.

RAMSEY TOOK  
STAND YESTERDAY

CHICAGO, May 24.—Dr. Blaine  
R. Ramsey, Austin physician  
charged with conspiring to kill  
Dr. Charles E. Humston, presi-  
dent of the Illinois Medical So-  
ciety, took the witness stand in his  
own behalf today in his suit for  
an injunction to restrain the state  
board of registration from revok-  
ing his license because of the  
charges.

Dr. Ramsey in his testimony de-  
clared the charges against him  
were caused by jealousy and de-  
clared that Dr. Humston had  
threatened to expel him from the  
society.

RETAIL MERCHANTS

RESIGNATION OF  
FRENCH CABINET  
IS NOT ACCEPTED

Action Brought About  
by Senate Action in  
Communists Trial

(By The Associated Press)  
PARIS, May 24.—Premier  
Poincare and his colleagues in  
the cabinet today submitted their  
resignations to President Miller-  
and but the president declined to  
accept them.

The action of the ministers was  
the outcome of the refusal of the  
senate to proceed with the trial  
of Marcel Cachin and other com-  
munists charged with illegal acts  
against the French republic.

M. Poincare informed the cor-  
respondents he interpreted the  
vote in the senate as proof of  
want of confidence in the cabinet,  
which made it impossible for the  
ministry to act against commun-  
ist plots.

The ministry remains in office,  
President Millerand holding that  
the vote of the senate was purely  
judicial and without political  
effect.

Immediately after the meeting  
of the senate, M. Poincare called  
a council of ministers.

A brief discussion took place,  
and then the premier and his col-  
leagues proceeded to Elisee Pal-  
ace to place the resignations in  
the hands of the president.

The senate sitting as a high  
court in secret session voted rela-  
tive to the trial of communists  
on the following points:

First, can't the court declare it-  
self competent or incompetent;  
second, should the question of  
competency be referred to a com-  
mittee; third, is the court com

A blind girl has been arrested after a series of forgeries. Think of what a successful confidence worker she might have been if endowed with five senses.

An eastern promoter promises to build a "thirst island" 3 miles out from the Jersey coast, presumably beyond the operation of the prohibition law. The prospectus whereby he seeks to raise \$5,000,000 tells about a wonderful hotel with 4200 sleeping apart-

ments which will be a feature of this wonderful island. But why go to the expense of building sleeping rooms? One can sleep in the driest territory and it would be a mere waste of time on "Thirst Island."

The latest marathon dancing record is said to be held by a man in Niles, O. He danced for 161 hours and 35 minutes, thereby proving that silliness is not confined to either sex or to any locality.

## FACTIONALISM

Taking note of the state of the Union the other day, in a speech on Alexander Hamilton, president Harding observed:

"Can any student of our times in America, or the world, doubt for a moment that factionalism is developing as never before?"

"We have our factions which seek to promote this or that interest without regard to the relationship of others, and without regard for the common wealth. We have the factions of hatred and prejudice and violence. We have our conditions which would invade the constitutional rights of others or subvert the constitution itself. We have our factions challenging both civil and religious liberty, and without them both being made everlastingly secure there can be no real human liberty. We have the fatal factionalism which contemplates obstruction to the execution of the laws."

It is a pretty accurate analysis

of the situation. "We are governed too much," Artemus Ward used to say. Nowadays everybody is trying to govern us too much, and organizing parties and blocs and cliques and rings and associations, and secret societies for that purpose.

A certain amount of conflicting opinion is stimulating, and a certain amount of proselyting zeal is healthful, but surely the business is being overdone in this country. But it is easier to diagnose the disease than to find a remedy for it.

## THE GREAT DELUSION

(Chicago Journal of Commerce)

Whatever man gets in this world is paid for in some way. Something never comes from nothing. A government is on exactly the same schedule as the difference; The individual gives and takes—gives service and takes wages or profits—while the government takes and gives—takes taxes from the people and then gives its service.

Government cannot create wealth. All it spends it must first collect from the people, who are the sole source of all its supplies. These are fundamental and self-evident facts, yet we have men in Congress who delude the people into believing the government able to supply all their needs, no matter how vast the expenditure required. These demagogues all know better. They plan not the impossible creation of wealth by legislation, but the seizure of property from one portion of the population to be distributed gratuitously to another and favored portion. They pretend that thus they may escape the operation of the economic law which ultimately balances up all obligations and resources, and so actually increase the prosperity of the entire body of citizens.

That is an absurdity, of course, but it is remarkable how many accept it as truth, and lead their political favor to every project, no matter how wild and costly, for Federal and State aid to this or that group seeking something for nothing. Business men, as a rule, have better sense than the masses. Otherwise they would not long be business men. Twice a year, or oftener, their taxes remind them that government must take before it can give. But many, many thousands never get out of their heads the false belief that the government in some mysterious way—by printing fiat money, for instance—can create inexhaustible resources to meet every desire of the people. It is a great delusion.

## ANSTIE'S LIMIT

(NEA)

"He is not drunk who, from the floor, Can rise and drink, and call for more; But he is drunk, who prostrate lies, Without the power to drink or rise."

Did you ever get into an argument that became heated and wound up close to a fight, with the original bone of contention lost sight of at the finish? It got so, during the last stages of the World War, that the purpose of the conflict was changing every few months.

You probably have noticed the same things about prohibition. The real cause that brought prohibition was alcohol's effect on his drinkers and their innocent bystanders. Especially the effect in lowering their efficiency at work, which was why so many large corporations backed the dry movement—and incidentally one of the leading reasons why liquor never will come back.

Americans are losing sight of the original cause of prohibition. You rarely hear any one talk about the evil effect of alcohol. Attention has been gravitated to the problem of how and where to get it, whether it's safe to drink, and whether it will ever "come back" in modified form like beer—or a sudden reaction restoring whiskey to consumers.

Dangerous, to forget the original cause of prohibition—alcohol's effect on drinkers. To refreshen our memories, let's give thought to Anstie's Limit.

Do you recognize the words? Used to be used commonly.

Dr. Patton, of the Prudential Life Insurance Company, once defined "an immoderate drinker" as "one who drinks regularly in excess of Anstie's Limit or who may because of individual susceptibilities be unduly affected by that amount or less."

Anstie's Limit means "the daily use of alcohol not to exceed one and a half ounces, corresponding with four ounces of the ordinary whisky or brandy or a quart of beer."

A drinker passes Anstie's Limit when he takes more than a quart of beer or eight tablespoonfuls of whisky or brandy a day.

Offer the average person a drink and his chief question, and usually his only, is: "But are you sure this is real stuff?" Having assured himself that it is, the wise man will ask a second question: "Granted that it's so-called pure liquor, what is going to do to my nerves, my stomach, my general health, my pocketbook, my family, my efficiency at work?"

So-called pure whisky is just as much a poison as it was before prohibition went into effect, though most people seem to be forgetting that angle of the prohibition question.

## BERTON BRALEY'S DAILY POEM

## COSTUMES

By Berton Braley

WE are coming to the season  
When the puritanic flock  
Begin to lose their reason at the sights upon the beaches;  
And start again to stewing  
In a constant state of shock  
At the raiment they are viewing on the pippins and the peaches  
They shriek for legislation  
To curb the joyous freedom of our brown athletic women;  
I do not like to quarrel  
With these people highly moral,  
But—the proper suit to swim in, is a suit that you can swim in!

MYSELF, I am not sensible  
Of aught that's reprehensible  
In women being bi-peds; And I learn, as I grow older  
And study our society,  
That's what's called "impropriety"  
Is mostly in the conscience and the eyes of the beholder.  
Relieved of garb that swishes,  
Modern women swim like fishes.  
There's little now to hamper or to angle foot and limb in,  
For though these garments scanty  
May shock each maiden auntie,  
The proper suit to swim in is a suit that you can swim in.

H. C. Mathison of Bauer and Black Speaks to Kiwanians—Shows How His Company Stood By Government in World War Explains Making of Plasters and Dressings.

Howard C. Mathison, sales manager for Bauer and Black, manufacturers of surgical goods of Chicago, was the speaker at Kiwanians club meeting yesterday. He told the members and guests the interesting story of the manufacture of plasters and surgical dressings, and showed samples of the company's products. Each one present was presented with a miniature first aid kit, especially made by Bauer and Black for this occasion and bearing the Kiwanis seal.

The delegates from the local club who are to attend International Kiwanis convention at Atlanta, Ga., were given a farewell send-off by the club. Those who will make the trip are the president, C. Y. Rowe, the secretary, F. R. Rantz, Lloyd S. Reid, W. A. Berryman and Dr. A. P. Applebee.

Guests present at the meeting Thursday included Frank Byrns, L. S. Doane, Dr. Shinton, of Arenzville, Dr. H. C. Woltman and Mr. Healey.

The speaker, Mr. Mathison gave a full description of the manufactured products of his company, and told what was being done to serve humanity thru its work. Mr. Mathison said in part:

The rubber mass plaster, medicinal and surgical, generally known as porous plaster, and surgical dressing business may be considered a distinctively American industry, and a business the importance and magnitude of which the laity know little.

There are very few manufacturers of this kind in the United States that are recognized as standard. The plant of Bauer and Black which I have the honor to represent, is located in Chicago, and is the only one west of the Alleghany Mountains, we have a branch in New York and in Canada. The relative importance of the United States in this industry as compared with European countries is that we probably turn out several times more merchandise than all the manufacturers in the rest of the world put together. With the exception of England and Germany, there is practically no factory that even pretends to make rubber mass plasters. They obtain their supplies of this commodity from the United States.

There are approximately 760 items manufactured by us and coming under the head of surgical dressings and allied products, but it is my intention to only tell you regarding the process and manufacture of but two of these items.

Preparing Absorbent Cotton—You may know how many processes, for instance, which we have to undertake in order to make our cotton absorbent and make our cotton comes in the sterile, usually soaked and filled with water. The cotton is taken out of the bale and placed in a cylindrical machine which sifts this refuse matter. It is then placed in a huge tank and boiled for twenty-four hours. This tank has a huge cover, which is held down by enormous clamps. This is done on account of the steam pressure. After the boiling, the cotton is removed and placed in other tanks and thoroughly soaked in a bleaching and sterilizing solution, and here it remains for twenty-four hours.

Then it is placed in a huge washing machine and drawn by rollers into tenters, or driers, which are seventy feet in length. The cotton emerges and is flattened out and the layers are then drawn into rolls. These rolls are then taken to the Card Room, where the cotton is drawn over cards. On each card there are thousands of minute teeth, which card or separate the cotton, and the cotton becomes so fine spun that it literally flows from these carding machines. We have two rows of fifteen carding machines each, and in front of each row there is a trough. These rivulets of cotton, flowing from each machine, make up a river in the continuous trough, and the cotton appears in rolls again as it

emerges therefrom. These larger rolls are then removed, and are the basis for the smaller packages, each large roll being unwound and rewound and cut into the small sizes. Then follows the weighing, packaging and labelling.

## Not Yet Satisfied

We are not yet satisfied with our product, and in view of the responsibility we feel, we again sterilize the merchandise in these packages by means of a steam vacuum process. In all, there are twenty-seven different processes, and upon the completion of the last one, we say to you, our consumers, that the package contents are absolutely sterile, and safe for use, as long as the package remains intact. You of course will recognize the fact that after the package is broken, and a portion of the contents used, and if the balance is not carefully sealed up, or if the same remains open where the files and bugs to rest thereon, our responsibility should cease. We do, as you see, all that can be done by any human being, to give to you and to the surgeons, the best that is known and the safest that is manufactured, and it remains for you and him to thereafter keep the contents free from dust and germs.

## Doing Business on Ideals

There is another feature of our business of which we are proud. In fact, we are trying to do business on ideals. While it true we are in business for profit, yet there are probably few other industries where heretofore is so completely subordinated to quality. We have made Quality the governing policy of this institution. The kind of quality that is based on a standard that does not stop short of the very best that brains, modern facilities—directed by a spirit of progress—and conscientious cooperation can produce.

At the beginning, we decided first of all, to produce quality. We must establish a relationship between the executives and employees that means much more than an agreement to do so much work for so much pay. There must be a feeling that each person from the one filling the lowest position in the factory to that of our President, that he or she has a personal interest in the success of the business, and that they will be compensated accordingly to the success we as an organization attain. We try to do and create a feeling that each one is engaged in his own business, just the same as though his name hung over the entrance of our building.

## RETAIL GROCERS BANQUET AT DUNLAP

Perfected Temporary Organization Last Night—Mayor Crabtree Made Address.

One of the most enthusiastic meetings in this city during recent months, of a body of men, was that held last night at the Dunlap hotel by the independent retail grocers of Jacksonville. There was a good representation of the entire grocery business present and during the evening a temporary organization was formed. This preliminary organization will meet again next Thursday night when it is expected there will be a large number of grocers present and a permanent association formed.

Mayor E. E. Crabtree was the guest of the evening and spoke in his usual pleasing and effective manner on the subject of co-operation and good will. He outlined in a concise manner what had been accomplished in Jacksonville in a progressive way during the past five or six years particularly, and showed clearly that these things could only have been brought about by the submerging of self and all working together for the common good.

The speaker also said that thru organization and the regular meetings which always followed, a man broadened his acquaintanceship and this almost invariably in a pleasant manner. As a case in point he said that at the table last night there sat three men whose signatures he was well acquainted with but whom he never before had the pleasure of meeting personally.

"By associating yourselves together," said Mr. Crabtree, "you will always have the inside track when there come times that you want to find out about something in your mutual business which is puzzling you. All little jealousies and feuds cost the individual money in the long run. We are all in business for the money there is in it, but we invariably lose if there is a lack of confidence, friendliness and the spirit of hearty co-operation, and this so essential spirit of good-fellowship and friendship can only be obtained and maintained thru associating together—by organization."

"No one person and no one business can reach any great degree of success alone, but must all pull together to really profit. Profit is not alone reckoned in dollars and cents, but comes also in that feeling of satisfaction and a work well done."

## General Discussion

Following Mayor Crabtree's remarks there was a general discussion of objects of the meeting and it was unanimously decided that an association should be formed. A. R. Taylor was named temporary president, and J. Winstead as vice president. It was decided that another meeting should be held next Thursday night to complete organization, to which meeting each of those present has obligated himself to bring another grocer.

The meeting last night was preceded by a baked chicken banquet served in the large dining room of the hotel. Music for the occasion was most generously donated by the Elite Six orchestra and added much to the life of the gathering. A vote of thanks was extended to the young men for their co-operation.

Grocers who have promised their active assistance in forming the proposed association are: P. J. Shanahan, W. M. Coverly, J. H. Zell, Ferry Bros., O. C. Ingram, George Vasconcellos, A. R. Taylor, H. I. Simonds, Furry & Sons, C. W. Nichols, Koeppling & Sons, J. Winstead, S. F. Birdsell, Bergschneider & Kmie, George T. Douglas, A. W. Leck, W. F. Cook, L. A. Barnhart, Mackey & Davison, M. L. Denny & Sons, and McGinnis Bros.

**SEARCY EXPLAINS  
AMENDMENT TO BILL**

Senator Searcy favored the Dunlap limiting amendment to the hard road bond issue bill. In explaining his views yesterday Senator Searcy said:

In advocating that the General Assembly proceed carefully with the proposed \$10,000,000 for a new and second system of paid out of fees collected from direction, merely, in which Governor Small, the author of the plan, has centered all his argument. The Governor has told every delegation that has visited Springfield that the bill will be paid out of fees collected from owners of motor vehicles, and every man and woman interested in this road enterprise believes that this will be the case.

"Instead of a guarantee to that effect, however, the bill contains no safeguards whatever designed to make this method of payment a certainty, and, in the senate, the Governor's own lieutenants would not consent to an amendment which would have made such a guarantee possible. I was one of the thirteen members of the senate who supported the Dunlap amendment. Every one of the thirteen of us is as strong for additional roads as Governor Small can ever hope to be. We took our stand, therefore in good faith.

Motor vehicles ought to pay the cost of all concrete roads that Illinois builds in the future. This \$10,000,000 plan of the Governor's says, in substance, that such license fees shall pay the bill, but it provides, also, that if license fees are not adequate, then direct taxes shall be restored to make up the difference.

**Roads Short Lived**  
I am not an engineer, but common sense tells us that these roads will not last forever. The history of hard roads is that in fifteen to twenty years, they crumble, and have to be rebuilt. Not only heavy traffic, but natural elements contribute toward their deterioration from the moment they are laid, and opened to travel.

Some of us fear and feel that, before many years, Illinois is going to face a tremendously expensive maintenance necessity in connection with the hard roads we are using now. If that is true, then long before this proposed \$10,000,000 is used in the building of new roads an amount equal to that principal sum will be needed to maintain the roads already in use, or to rebuild them. If that turns out to be true, land owners and owners of city property, in a comparatively few years are up against the heaviest load of direct taxes on their property that the state will ever have known.

I have tried to get a decent consideration of an amendment to the bond issue bill, providing that \$10,000,000 of the total be used in developing side roads and feeders. Senator Meents, the Governor's right hand man, refused to give that amendment even a respectful hearing. I simply want the farmers of this community, who live back off the proposed improved routes, to know where the blame lies for the refusal to consider their interests.

"We authorized, a few years ago, a \$60,000,000 bond issue. That issue, it turns out, is approximately \$20,000,000 short of the mark. In other words, \$40,000,000 of the proposed \$100,000,000 will be used to complete the original system. That will leave us \$70,000,000 with which to build, or start building, a second system which, by itself, will cost at least, calculation, \$140,000,000. Is that good business sense. If private citizens followed such a lead in conducting their business, they would be bankrupt in five years. It seems to me that if this second bond issue plan was worth anything at all, it was worth making large enough to build not only the remainder of the original bond issue system, but the whole of the proposed new system, and a definite chain of side, connecting and feeder roads. In addition, these taxpayers would feel that we were going in debt for a plan that was going to amount to something, when built.

**Campaign Argument**  
"Just why the Governor has refused so obstinately to let anyone amend his bill the Governor himself can best explain. My personal opinion of the whole thing is that this bill is not designed to build roads at all, but to use as a campaign argument next April.

"Motor license fees are going to build concrete roads in Illinois in the future. Moreover, whether the present proposed bond issue passes or not, routes designated in this second plan will be built almost as soon, if not entirely as soon, out of these same fees—and it won't make any difference who is Governor, either.

"In my opinion, when certain members of the State Senate broke faith with Senator Dunlap and refused, at the bidding of the Governor, to let his limiting amendment stay in the bill, they sounded the death knell of this bond issue so far as November, 1924, is concerned. People are tired of this bunk. Governor Small, last year, built less than 600 miles of hard road, and it was a record year. The State cannot average a thousand miles of concrete a year for the next seven or eight years and make both ends meet, financially. There will be a break somewhere along the line, and you and I who pay the tax bills will step forward and dig up hard earned tax cash with which to meet the deficiency. And, believe me, it will be a deficiency that will make all past appropriations look sick in comparison.

"Senator Dunlap merely wanted, not to change the efficiency of this proposed road bill, but to put in it an amendment assuring the tax-payers that the state would build no greater mileage in any other year than it could afford to build, after having paid up back bills. That was good sense. The senate agreed to it—Senator Meents agreed to it—one week end, and on the following Tuesday, after the Governor had learned that any kind of a limitation would, at the same time, limit his campaign material for next spring, ordered Meents to recall the bill and strike out the Dunlap amendment, which Meents himself had agreed to, and to which Senator Lantz, supposedly the Agricultural Representative, and others agreed to. Then it was that the thirteen of us stood with Dunlap. Those who followed the orders of the Governor, however, defeated us—and, I believe, at the same time defeated the bond issue bill so far as approval by the people is concerned, in 1924.

"I hope the house of representatives has stamina enough to replace the Dunlap amendment, or something approximating it, and see that it sticks. Taxpayers of Illinois will everlastingly thank this General Assembly if the bill is approved, with some such a proposal as the Dunlap plan contained in it.

"I want to see this bill put in sound shape, for it lays out routes in my district that I want to see built. My district needs the roads, particularly the Morgan county end of the district. But, I don't want to see my constituents hoodwinked into feeling friendly to a measure that ten years from now will strike back and fell them with tax burdens.

Miss Lena Holland Announces Engagement to Earl Johnson at Luncheon in School Dining Room.

Waverly, May 24.—Miss Lena Holland, who for the past two years has been the domestic science instructor at Waverly Township High school, announced her engagement to Earl Johnson of Greenfield at a luncheon given in the domestic science dining room at the High school. The guests were the lady teachers of the faculty, and the luncheon was served by Miss Holland's domestic science pupils. Following the dessert favors were given the guests, one of which was found to contain the following: "Miss Lena Holland—Mr. Earl Johnson, June 9." The wedding will take place at Wrights. Mr. Johnson has been teaching in the High school at Dalton City the past year.

On Monday night, at the home of Mr. and Mrs. William Wells, the lady members of the W. T. H. S. faculty gave a surprise handkerchief shower for Miss Holland. The evening was spent in guessing contests and in sewing, following which refreshments of ice cream and cake were served. Monday morning, while in the assembly room at the High school, Miss Holland had the misfortune to step off a high platform, spraining her ankle most severely.

Announcement has been received by relatives here of the marriage of Miss Carrie Turnbull of Oakville and Haven M. Purpose of Affairs is Explained And Program is Announced—Boys of David Prince to be Shown Good Time.

This evening at 7 o'clock the American Legion of Jacksonville will be hosts to the senior class of the David Prince junior high school at a banquet to be given at Central Christian church.

In the absence of Post Commander Kahl, Col. Smith who is chairman of the activities committee of the legion will act as toastmaster. This banquet is being given by the Legion to become better acquainted with the eighth grade boys and will be an annual affair intended to keep in touch with the senior class each year and to ascertain if any of the boys feel that they are financially unable to attend high school and if so the legion will attempt to assist them, not by charity, but by working with the business men and citizens in an attempt to secure work outside of school hours for these boys to assist them in obtaining the necessary funds to keep them in high school until they can complete their education. During the evening a card will be handed to each member of the class to be filled out, the card requesting name, address, parents name telephone number, if they intend to enter high school and if not why not, and what work the different students have done outside of school work.

The dinner will be served by the Loyal Women's class of Central Christian church at the expense of the Legion, and after the dinner the following program will be rendered:

Invocation—Reverend Myron L. Pontius.

Statement of the interest of the American Legion here in the

future men of the nation—Col. O. C. Smith.

## CHICAGO U. WOULD REMOVE RESTRICTION

(By The Associated Press)  
CHICAGO, May 24.—The University of Chicago has made application to the board of education of the Northern Baptist convention it was learned tonight to remove the denominational restriction providing that the University president must be of the Baptist faith.

It also requests that the number of trustees be increased from 15 to 25 and that the proportion of trustees required to be Baptists be changed from two thirds to three fifths.

The petition points out that it is becoming increasingly difficult to secure qualified men for the duties of trustees who are willing to devote the time and attention to the work that has been necessary and adds that the difficulty of finding a man fit for the presidency of the University within any one denomination is becoming increasingly difficult as the responsibilities of the position grow.

The University does not desire

to sever its connection with the denomination, but merely to produce the changes in the 34 years since the University was organized.

## TAKE STEPS TO GET TOGETHER

Chicago, May 24.—The primary step in getting New England states and the central west together in support of the proposed Great Lakes-St. Lawrence waterway was taken today in a conference attended by representatives of the American Farm Bureau Federation, the Great Lakes-St. Lawrence Tidewater association, and Colonel Charles R. Gow, president of the Associated Industries of Massachusetts.

A second conference more representative than today's was arranged for September 17 and 18 in Chicago.

Mr. and Mrs. George Deterding, Miss Alma Deterding and William Deterding made up a shopping party from Concord to Jacksonville yesterday.

## WAGE CASES SET FOR HEARING JUNE 11

(By The Associated Press)  
CHICAGO, May 24.—Wage cases involving the maintenance of way brotherhood and now before the labor board were set for hearing June 11 today. These disputes affect about 33 roads, but many roads have since made settlements with their men and the cases are expected to be withdrawn.

The Chicago, Burlington & Quincy railroad notified the board today that it had made an agreement with its maintenance of way employees, effecting 10,000 men, granting foremen increases of from \$4 to \$10 a month and one cent an hour to other employees, effective May 18.

## KLAN CONTROVERSY IN ARKANSAS COURTS

(By The Associated Press)  
LITTLE ROCK, Ark., May 24.—The controversy between Dr. Hiram W. Evans, imperial wizard of the Ku Klux Klan, and William J. Simmons, emperor of the order, today was transferred to the courts of Arkansas when Dr. Evans filed suit in Pulaski circuit court against Mr. Simmons asking \$100,000 for alleged defamation of character. The basis of the suit is a telegram which Mr. Simmons recently sent from Atlanta, Ga., to local newspapers, in reply to a statement credited to Dr. Evans, supporting J. A. Comer of Little Rock in commenting upon the Kamella, a woman's society founded, as was the klan, by Mr. Simmons.

## METHODIST GROUP MEETING IS HELD

The group meeting of the Jacksonville M. E. district was held yesterday afternoon at Grace church, with Dr. E. L. Fletcher presiding. Every church in the district was represented by lay and ministerial delegates. Dr. Johnson, the district campaign manager reported a total of more than \$22,000 raised in the district by pledges on the present educational drive. This together with the pledges on record at the Woman's college, brings the total up to \$25,000.

The district is asked for \$100,000, and as the intensive campaign has not yet opened, and one-fourth the amount is already subscribed, there is room for encouragement. Dr. Claude S. Moore, the area secretary, showed the delegates some daylight stereoscopic views.

## TRUE BILLS FOR MURDER RETURNED

Chicago, May 24.—True bills charging murder against Peter Crudele, Mrs. Isabella Nitti Crudele and her son, Charles Nitti, 15 years old, were voted by the grand jury today for the killing of Frank Nitti, Stickney farmer whose body was found two weeks ago in a catch basin by workmen who were paving the street.

## Iona Council Gave Supper Last Night

Iona Council No. 97 Degree of Pochontas gave a supper in Red men wigwam Thursday evening. There was a large number present and an excellent menu was served. Following the supper a program of musical numbers and readings was given.

## Brooklyn Aid in All Day Meeting

Members of the Ladies Aid society of Brooklyn M. E. church held an all day meeting Thursday at the home of Mrs. C. A. Boruff, on South West street, with Mrs. Charles Curtis as assistant hostess. There were twenty-five present for the dinner, for which a small charge was made.

Most of the day was spent in sewing for Passavant hospital, although there was a brief program during the afternoon. Mrs. Harry Clark gave an instrumental solo and also a reading, and there was an interesting stunt program by various members. Guests present were Miss Gaskin of North Carolina and Mrs. F. Arenz of this city.

## MATRIMONY

Leon Dinwiddie and Miss Anna Brooks, both of the Virginia neighborhood, were married at 3 o'clock yesterday afternoon, at the parsonage of Rev. Max White, Presbyterian pastor in Virginia.

They were attended by the Misses Mildred and Delores Dinwiddie, and Mr. Murray and George Flannigan. Shortly after the wedding the bridal couple left for Peoria on a brief visit. They will make their home on the farm of the groom's father, Abe Dinwiddie, near Virginia.

## WITH THE SICK

Mrs. Walter H. Meyer of 1050 North Fayette street was yesterday removed to Our Savior's hospital for treatment and will probably undergo an operation in a few days.

James Mann, division freight agent of the Chicago & Alton, is very seriously ill in a Springfield hospital.

Mrs. Taylor Henderson of 673 East State street is very ill at Passavant hospital.

H. W. Green of the North Main street restaurant has practically lost the sight of both of his eyes at present, the cause being attributed to catarrh. He is now undergoing treatment and the final outcome of his trouble is as yet uncertain.

## OFFICIALS FURNISH DETAILS OF WRECK

Mention has been made in previous issues of the Journal of the attempted derailment of the Chicago & Alton Hummer near Sinclair last Tuesday night.

Chief Special Agent Thomas Yerrick and Captain Boley of the Alton force arrived Wednesday evening to assist Special Agent McGinnis in making a full investigation of the attempt.

The following are the details as furnished by the officers of the road: An escaped patient, Allison King, who flagged No. 70 on the morning of May 23, at Parrott Crossing which is two and one-half miles north of Sinclair, was brought back from Tallula on No. 71 on the evening of May 23. The train crew on No. 70 turned this patient over to the town marshal at Tallula and he was described as a patient who escaped the morning of the 22nd.

The officers went to the state hospital and talked to the patient in the presence of Dr. Hill, the superintendent, and he admitted placing the ties on the track and said he wanted to stop a train so he could ride to Chicago. He told of eating breakfast at the farm house of John Parrott and then going out on the railroad track and flagging No. 70. The officers then went out to the Parrott crossing and talked to the Parrott family and G. W. Lewis and they told the same story that Allison King had told. Consequently there is no doubt remaining in the minds of the officers that the ties were placed on the track by the insane patient, Allison King.

## JUNIOR DEPARTMENT PROGRAM IS GIVEN

First of Series of College of Music of Illinois Woman's College Attracts Large Audience

The promised series of musical programs by the junior department of the College of Music began with its initial number yesterday evening.

The programs of the three events have already been published and the attention thus secured, together with the good repute of the school and the natural interest of families and friends of those appearing combined to furnish a large audience.

The twenty-four members included a demonstration of what is being done on Saturday mornings in theory classes for the junior department.

At this time Miss Sapio presented the theory of general musical education and culture that she is instilling into these young minds. The proof was given of knowledge of major and minor scales, of chord formation, and of formation of phrases. A melody was improvised by one student and correctly harmonized by another. Several compositions were played by the youngsters which showed conclusively that the language of music is as easily acquired as any other language and that original thought may be expressed correctly in tone as well as by other language.

At the close of the program the following prizes were awarded:

For best musical scrap book, Helen Phelps; second best, Wilma Range; for the most hours practiced since October 9th last, upper grades, Armita Wyatt 304 hours; lower grades, Ellen Cowden, 198 1-2 hours.

The following students have perfect practice records: Dorothy Jane Scott, Emma Louise Corbridge, Roberta Weirich, Helen Richards and Wilma Range.

## FAVORITE LODGE CONFERRED RANKS

Favorit Lodge No. 376 Knights of Pythias conferred the rank of Page on six candidates at the regular meeting Thursday evening and the Rank of Esquire was conferred on one candidate.

Those taking the rank of Page were: Orville Foreman Jr., Clifford Mansfield, J. W. Rule, Harry Summers, Louis F. Leurig, O. J. Glaze. The rank of Esquire was given to Louis F. Leurig.

Two visitors, Mr. Mitchell of Slater, Mo., and Mr. Huntington of Centralia were present.

## CHURCH OF GOD IN CHRIST

Meetings on North West street are very interesting and progressing. Evangelist Mary Wallace arrived in the city Wednesday. The Evangelist Mary L. Smith of Alton is teaching some wonderful lessons at the tabernacle. Also good music and singing. Mrs. Phillips of Alton is here with her drum. Every one welcome.

P. Wallace, pastor, 545 Sharp street.

## VISITOR FROM CHICAGO

Miss Nettie Harris of Chicago is spending a few days at the home of Mr. and Mrs. Andrew Harris in Orleans precinct and with Jacksonville friends. Miss Harris has for several years past held an important position as assistant treasurer of the Congregational board of foreign missions.

## GOES TO HAVANA

Mrs. Johana Meyer, who has been making her home with her daughter, Mrs. J. I. Graham, on South Prairie street, was taken to Havana yesterday by her sons, and expects to spend the summer in that locality.

I. V. Page of Roodhouse transacted business in this city Thursday.

## COLORED BAPTISTS HEAR ANNUAL SERMON

Dr. W. P. Washington Delivers Address Thursday Night—People Enjoy Original Revival Hymns—Resolutions Are Adopted

Last night occurred the second of the evening sessions of the General Missionary Baptist association, now in progress at the Mount Emory Baptist church. The building was crowded again, the audience eager to hear the annual sermon, which was delivered by the moderator of the association, Dr. W. P. Washington. The speaker took as his subject, "The Mystery of the Secret Indwelling of Christ." The text was taken from Ephesians 3:3, 6, "Among whom also we all have had our conversations in times past in the lust of our flesh, fulfilling the desires of the flesh and of the mind; and were by nature the children of wrath, even as others. And hath raised us up together and made us sit together in heavenly places in Christ Jesus."

Following the sermon by Dr. Washington, Rev. C. W. Norment of Mounds, Ill., sang an original song, which he had written and composed during the association. He set the words to an old-fashioned plantation melody which swept the audience with enthusiasm. The title of the new hymn is "Get Right with God."

Following this season of revival feeling, the moderator read his annual address and recommendations. These were unanimously adopted by the association. The vice moderator, Rev. B. H. Hunter, of Bloomington, called the chairman of the finance committee, Dr. P. W. Fields, who proceeded to take the public collection. This was followed by a special appeal for aid for the aged ministers' home made by Rev. Dr. C. H. Clark of Chicago, who is to preach tonight. He will speak on the subject, "Sanctification."

## Special Addresses Today

The moderator introduced to the association Rev. J. W. McDaniels, who represented the Enterprise Institute of Chicago, a general trade school for educating colored boys and girls, widows and orphans. It is the only school modeled on the Booker T. Washington plan that is located north of the Mason and Dixon line. Rev. McDaniels will deliver a special address at 10 o'clock this morning before the association.

In the late afternoon session yesterday special devotional services were conducted by the Rev. J. A. Swanson of Wheaton and vice moderator Rev. B. H. Hunter, A solo was rendered by Miss M. E. Malloy of this city. The moderator then introduced Dr. S. C. Manuel, pastor of Union Baptist church, Springfield, who preached the afternoon sermon from Psalm 19:1, taking the subject "The Glory of God."

Following the sermon the choir sang the hymn, "Guide Me, O Thou Great Jehovah." Prayer was offered by the boy evangelist, Herman Gore of Columbus, O. The association then received the report of the trustees of the Aged Ministers Home and a financial rally was conducted by the national president, Dr. Edward P. Jones of Evanston and Dr. C. H. Clark. The total amount raised was \$333.30 in actual cash. With the usual announcements the afternoon session closed with an auxiliary report of the committee on the State of the Country, as follows:

## Resolutions Adopted

We the committee on state of the country beg to submit the following report:

We deeply appreciate the hand of the Lord in the national affairs of the country. In the general tendency toward prosperity there is a general tendency toward relief in regard to all unemployment, therefore the future looks bright as far as employment is concerned.

Second, In the midst of the blessings of God we deplore the general tendency toward lawlessness in certain parts of the country, where our people are being lynched and burned at stake. Recently the daily papers carried stories of the supposed insult of a white girl, which were later found to be false. We regret these instances of brutality forced upon members of our race.

While our sons and daughters are being thus treated, we read of a more personal insult being heaped upon the race. In the attempt of the Southern Woman's Confederacy (white) to have the federal congress pass an appropriation bill for the erection of a monument to the memory of a "black mammy" in Washington, D. C. There is nothing said in the bill about the white fathers. Therefore we do hereby register our protest against the enactment of such a law, and do hereby request the duty authorized officials of the association to formulate a due protest in the name of

this association, same to be forwarded to our president, Warren G. Harding, and Senators McCormick and McKinley, also to the members of the house of representatives at Washington, D. C.

Third, We also deplore the recent defeat of the Dyer anti-lynching bill in the U. S. senate by a few southern senators, acquiesced in by a few so-called Republicans and it brings to our mind the thought that the lawmakers of the government are prescribing to mob violence and lawlessness, and that this association now in assembly does hereby enter its protest against the defeat of this bill and a message be sent to the president of the United States to that effect. We also ask the blessing of the Almighty God upon the leaders of the Christian family, both locally and nationally.

B. H. Hunter, Chairman.  
Rosa Livingston, Rev. A. Moore  
B. L. Braxton, Christena Barnett  
Rev. D. P. Jones, Louise Keller, Committee.

The program of the association for today is as follows:

Friday Morning  
9:00—Praise service, conducted by messengers from Second, Centralia, Glenwood, Marion, Waukegan and Downmaine.

Reading letters, by the Corresponding secretary.

Reports of committees and election of officers.

Educational sermon, by Rev. G. W. Prince, D. D. Alternate, Rev. C. C. Caldwell. Collection and announcements.

Friday Afternoon  
1:30—Praise service, conducted by messengers from Mt. Zion, Coulterville, Sparta, Joppa, Maywood, Shiloh, Colp, and Danville.

Reading letters by the corresponding secretary.

Miscellaneous business.

Missionary sermon, by Rev. W. M. Moody, Alternate, Rev. B. P. Gayles.

### RETURNED VERDICT FOR MISS DICKINSON

Jury in Suit of Miss Susan Dickinson Against Coates Estate Returns Verdict of \$12,100—Other Orders Entered Thursday

The jury which heard the evidence in the suit of Miss Susan H. Dickinson against the estate of Job Coates returned a verdict shortly after 4 o'clock Thursday afternoon, finding Miss Dickinson entitled to \$12,100. This is a case which originated in the Morgan county court about two years ago, in which Miss Dickinson filed a claim for services rendered during a period of several years, when she was housekeeper and nurse for Mr. Coates. Claim was filed for \$15,000 and in the first court hearing the verdict of \$12,000 was given.

The case was then taken into the Morgan county circuit court where a verdict was found awarding Miss Dickinson \$11,000. The estate asked for a new trial and the motion was allowed. Now for a third time the case has been heard and the verdict of \$12,100 given as already indicated.

Judge Burton heard the evidence in the suit of Otis Hoffman vs. the Get Gas Co., without a jury. The court found in favor of the complainant and fixed the amount due at \$362.50.

The case of Mrs. Luther Crawford as administratrix against Samuel T. Zachary is now on trial. The jury had not been completed at the hour that court adjourned, and Judge Burton ordered that a special venire of 50 men be drawn.

In the trespass on the case on promise suit of Hattie C. Graham vs. James B. Cooper, motion for security for costs was denied and leave given defendant to plead by 9 a. m. June 29.

The appeal case of John E. McDonald and Leo Suiter vs. J. L. Chapman, was dismissed for want of prosecution.

In the assumption suit of W. J. Edelbrok vs. Alva Rexroat cause heard on demurrers to second plea and case taken under advisement.

In the suit of Walter Ayers vs. Jacksonville Railway & Light Co., trespass on the case, motion by defendant for continuance allowed.

In the divorce suit of Florence Cicero vs. Frank Cicero, decree was granted on the grounds of extreme and repeated cruelty and plaintiff given custody of the child.

In the partition proceedings of Nell Metzger vs. Howard H. Smith, et al., proof of publication and mailing notices, defendants called and made default and cause referred to the master in chancery.

In the matter of the trusteeship of the estate of the late George M. Chambers, current report of the trustee was filed and recorded.

**PLAN MEMORIAL DAY PROGRAM AT FRANKLIN**  
The Franklin American Legion post is planning an appropriate program for next Wednesday afternoon. The program will be given at the M. E. church at 2:30 o'clock. Hon. Earl B. Bearey, of Springfield, state senator of this district, will deliver the principal address. The other numbers on the program follow:

Prayer—Rev. H. A. Sherman.  
Reading—Miss Grace A. Roberts.  
Double Duel—Misses Lou Duncan, Grace Hill, Aliene Austin and Blanche Harney.  
Vocal Solo—Miss Blanche Harney.  
Vocal Solo—Mrs. Fred Miller.  
Short Talk—Father Smith.

At the conclusion of the program a parade will be formed and proceed to the cemetery where the graves of the dead will be decorated in remembrance of their valor and good citizenship. In the line of march will be the Legion Post, Boy Scouts, Civil War Veterans and others.

**WILL TAKE PART IN SPRING FESTIVAL**  
Misses Elita Hansmeier and Ester Nichol of Concord will take part in the annual spring festival May 30 at the Western Illinois State Teachers college. The spring festival has come to be an important annual event of the Western calendar.

In this year's event the various phases of U. S. national life will be presented. The first scene will present two Indian warriors who will give a bow and arrow dance, and in other ways depict the life of the red men. Other phases of life clear down to the present will be presented with elaborate detail.

### DAUGHTER OF R. R. MAN IS INJURED

Word has been received in Jacksonville of the serious injury to the eight year old daughter of John E. Fish, division freight and passenger agent of the Alton with headquarters in Mexico, Missouri.

Miss Fish was car riding with a young man acquaintance when they were met by a large truck and a collision occurred resulting in Miss Fish receiving a dislocated neck.

The young lady was taken to a hospital and is still living, but small hopes are entertained for her recovery.

### CHAMBER OF COMMERCE ORGANIZES FOR YEAR

President Rowe and Associates Chosen to Serve Again—Directors Prepare For Annual Meeting.

The Chamber of Commerce directors met last night to organize for the coming year and make arrangements for the annual meeting which will be held on June 4, or at a date to be announced later.

The officers who have served during the past year were re-elected by unanimous vote: President—R. Y. Rowe. First Vice President—John W. Merrigan.

Second Vice President—Harry M. Capps. Secretary—Harold Welch. Treasurer—Edward A. Brennan.

Mr. Rowe objected to his reelection but it was the decision of all his associates that because of the record made and his fine leadership that it would be best for the organization if he would continue in the presidency.

Secretary Welch made reference to the annual meeting of the previous year, for which outside speakers were secured, and after some discussion it was decided to refer the arrangements for the annual meeting of the previous year, for which outside speakers were secured, and after some discussion it was decided to refer the arrangements for the annual meeting to the forum committee for further consideration.

It is expected that a representative of the American City Bureau will come at no distant date for a week's recruiting campaign. The Chamber of Commerce now has a membership of approximately 560, but it is believed that still other members can be secured.

Chairman Rowe is to name a committee to learn the facts with reference to a bill before the legislature providing for the erection of a vocational training building in connection with one of the state institutions.

Various other matters relating to the business of the organization were discussed before adjournment.

### SPRINGFIELD FIRM LEASES BUILDING

Announcement has been made of the leasing of the two store buildings in the Strawn block on the south side of the square to Mr. Goldstein of Springfield.

Mr. Goldstein expects to occupy both buildings not later than June 15th with a ladies' style shop carrying only the better grades of gowns wraps and other supplies of the higher class for both women and children.

### MAN WHO EXPLORED RUINS VISITS HERE

Hon. Thomas C. MacMillan, a former trustee of Illinois college, is here from Chicago, a guest at the home of Ensey Moore. He recently returned from Mexico where, as a representative of the American Research Society, he took part in the exploration of ancient Indian ruins. The expedition worked fifty-five miles from water in the midst of the desert.

Here is an elaborate system of dwellings, which must have housed a populous city of ancient people.

### ATTENDED FUNERAL OF MISS WHITMER

S. J. Tompkins, chief clerk in the internal revenue office in Springfield, and Mrs. Tompkins came to Jacksonville yesterday to attend the funeral of Miss Helen Whitmer. Mr. Tompkins in conversation mentioned that Miss Whitmer had made an unusually good record in the department work and was accounted one of the best assistants that had served in the revenue collector's office in recent years.

**SOLD RANDELL PERSONAL PROPERTY**  
A public sale of the personal property of the late Mrs. Julia Randell was held Thursday at the residence on West College avenue. The sale was held by A. C. Rice, administrator of the estate, in accordance with a court order recently issued. S. Justis Wright was the auctioneer and the bidding was unusually spirited. A large crowd was in attendance and the house furnishings and other personal property brought unusually high prices.

**WEEKLY MAY TAKE PLACE OF RAMBLER**  
At a meeting of the students of the Illinois College yesterday morning, it was voted to discontinue publication of the College Rambler. If considered advisable a weekly publication may take the place of the Rambler next year. If this is done the same editorial staff and business managers will have charge of the new publication.

Mr. and Mrs. C. H. Smith and Mr. and Mrs. Emory Bohl made up a shopping party from Ashland to Jacksonville Thursday.

### CORPSE OF UNKNOWN MAN FOUND IN LAKE

Body Discovered Floating on Lake Maunasterre Yesterday Evening—Many Persons Inspect Remains But Are Unable to Identify Man.

The body of an unknown man was discovered floating in Maunasterre lake about twelve feet from the west bank yesterday evening about 6 o'clock by a gentleman and his wife who were fishing there, only the head appearing above the water.

The police department were immediately notified and Capt. Elliott, Patrolman Williams, Howard Wannamaker and Amos White succeeded in towing the body to shore with a pike pole from the fire department hooked in the back of his coat.

Dr. McIn of the state hospital was called by Coroner Rose and he stated that the body had not been in the water longer than two days as there was very little bloating apparent. He failed to identify the body as that of any former hospital patient. It was thought for a time that the body might be that of Louis Willey of Arenzville but the description of him furnished by his wife to Coroner Rose yesterday evening did not check in any particular.

The body was that of a man apparently 45 or 50 years old, blue eyes, smooth shaven, partly bald with sparse sandy hair on each side of the head. He was about 5 feet 8 inches in height and weighed about 175 pounds. He had one left front tooth gold and the right eye-tooth was gold crowned, with filling in one tooth on left side. There was an old scar on right arm just above the elbow.

The only marks on his clothing were the marks of the Lukeman Clothing Co., on his coat and hose supporters which were apparently nearly new. He wore a dark serge coat, no vest, dark cotton pants, suspenders, a blue work shirt, summer underwear, black cotton socks, and dress shoes that had practically new half soles and rubber heels. There were no bruises apparent except a small bruise under the right eye. In his pocket were a knife, white handkerchief, a package of Mail Pouch tobacco and two cents in cash. His hat has not yet been found.

The body was viewed by a great many people yesterday evening, but no one has yet been found to identify it, although it is the general opinion that the body is that of some one residing in this vicinity.

The body was brought to the Gilliam Funeral Home where the inquest will probably be held some time today.

From the conditions surrounding the body it is impossible to form any opinion as to whether it was an accidental drowning or a suicide, but there is nothing to indicate any violence in connection with his death.

### FUNERALS

Funeral services in memory of Miss Helen Whitmer were held at 2:30 o'clock yesterday afternoon at the residence of Mr. and Mrs. Charles Hopper on Grove street, where she made her home. Rev. M. L. Pontius conducted the services, assisted by Rev. W. H. Marbach.

Miss Fern Haigh, Miss Florence Short, Hubert Litter and C. L. Mathis sang "Beautiful Isle of Somewhere," "Sometime We'll Understand," and "Shadows." The many beautiful floral offerings were in charge of Mrs. H. C. Clement, Miss Florence Cobb, Miss Hazel Hopkins, Miss Adelaide McCarty, Mrs. Earl Hemm at the residence of Dr. and Mrs. Grace Hemmrich.

The pallbearers were Howard, Francis, Merle and Everett Reynolds, Clarence Mitchell and Linwood Mitchell. Interment took place in Jacksonville cemetery. The services were attended by a large number of sympathetic friends.

Mr. Pontius made reference to the fine spirit that had dominated Miss Whitmer life, the cheerful joyous spirit which made her a cherished companion among her friends. Along with that spirit there was the desire to serve and the minister said that in an unusual way her young life manifested these admirable characteristics.

There was an unusually large attendance at the funeral service, more than twenty-five people, attached to the revenue office in Springfield coming for the service.

Reference has already been made to the sorrow which Miss Whitmer's untimely death brought to friends and relatives. Her mother, Mrs. Ida Whitmer, and two sisters, Mrs. Harry Strawn of Jacksonville and Mrs. Henry Fechte of Granite City, have the deep sympathy of their friends.

### PLAN STRAWBERRY FETE AT WOODSON

Unity Workers Met Yesterday With Miss Jane Irlam—Annual Show Coming to Village — To Fill Pulpit Sunday.

Woodson, May 24.—The Unity Workers of the Presbyterian church met this afternoon at the home of Miss Jane Irlam. There was a large attendance and a good program. During the business session the girls planned for a strawberry festival to be held about the middle of June.

The committee appointed to have charge of the affair consists of Mrs. Jack Leach, chairman, Mrs. Thomas Butler, Mrs. J. H. Devore and Mrs. Carl Gordon. Following the business session, the ladies enjoyed a social hour and refreshments.

The Rev. Guy J. Wright of Eureka will fill the pulpit of the Christian church next Sunday morning and evening. Union services will be held in the evening.

The O'Neil Animal show, which was here last year, will be here again Saturday night. This time a band will accompany the show.

### I. O. O. F. ORPHANS HOME BAND TO COME HERE

Musical Organization of Lincoln to Take Part in Spanish American War Veterans Convention Here in June

The band from the Odd Fellows Orphans Home at Lincoln is to come to this city for two days during the convention of the Spanish-American War Veterans in June. Representatives of the local I. O. O. F. and Rebekah organizations made a motor trip to Lincoln yesterday to secure if possible the attendance of the band at that time. The mission was a successful one and the committee is able to announce that the band will be here for two days, June 15 and 16.

The party which made the trip to Lincoln included J. A. Peterson, chairman of the joint I. O. O. F. committee; J. Marshall Miller of Illinois lodge No. 4; T. M. Tomlinson, A. G. Leedy of Urania No. 243; and Mrs. Myrtle Tandy, the latter going as a representative of the Rebekah lodges.

While at the Orphans Home the members of the party were extended very courtesy by Dr. and Mrs. Lucas, who are in charge of the institution. They were shown thru the various buildings and the grounds and found much of interest there.

The plan is to have quite a large representation of Odd Fellow and Rebekah organizations in the big parade which is to be a feature of the convention. All Odd Fellow and Rebekah lodges of the county and surrounding territory are invited to send delegations, and the Orphans Home band will head this section of the parade.

## Pennsylvania Hard Coal For 1923

The eastern states have just gone through their greatest coal shortage. There is no assurance that the spring and summer tonnage will ever get caught up with the demand in 1923.

On September 1st the Present Mine Wage Scale on Hard Coal Expires

The hard coal miners want more money. Their low day pay scale is about \$5.00. The low day scale for soft coal miners is about \$7.50. This is what the hard coal miners are asking for. It looks like more money and higher priced coal or a strike. Take your pick and take your chances.

Get Your Hard Coal Early and You Are Safe. Prices will not change much this year. The most important factor now in anthracite is that of getting it. It will be impossible to make up the lost tonnage and the east will be given the preference. So the wise householder will get his coal now while it can be obtained.

MARBLE  
"CHAMP"  
U.S.A.

Champions! Get into the Ring

Who is the marble champion of the ring? Who is the marble king in your school? If you don't know, it's time you were starting a marble tournament to see who will wear the crown as the "Champ Marble Shooter."

A good game to play for the championship is the two-ring game, which has been used in several large cities in exciting contests held to find the marble champion of the whole city.

To play this game, draw a circle on the ground six or eight feet across, then outline a small circle, one foot across, in the middle of it. Each boy places the same number of marbles in the small circle. All the players then stand on one side

of the ring and each shoots a marble at a line fifteen feet away. The boy coming closest to the line may choose which turn he will take. The next nearest has second choice, and so on.

Take First Shot Standing

Each player may shoot from a standing position for the first shot of the game, toe in back of the edge of the ring and hand not going inside of it. After this first try, the players must "knuckle down" for each succeeding turn. When a player knocks a marble from the ring he may shoot again if his own shooter stays within the large ring, and may continue to shoot so long as he knocks marbles out without going out himself. Any marble on the

outside line is considered as knocked out. After a player shoots he must let his shooter stay where it is, unless he is the man knocking out the last marble may, shooting from where his "toy" lies, try and hit any of the other players' shooters and, if successful in one shot, must be given all the marbles they have knocked out during the game. A player whose shooter has been taken from the ring may place it in any part of the ring when the last marble is knocked out.

(Next week The Fun Maker will tell about the exciting "Turtle Race.")

## GRIGGSVILLE SCHOOL CONTRACTS AWARDED

Pittsfield, May 24.—The contract for the new Community High school building at Griggsville has been let, the Alzina Construction company of Springfield being the successful bidder on the general contract at \$50,010, which it is understood was \$8,000 under the bid of a Pittsfield contractor. The Griggsville Hardware Co. was awarded the heating and plumbing contract at \$15,180.90 and the wiring and fixture contract went to George McGrath of Monmouth at \$2,172.30. In awarding the contracts it was noted that building costs have advanced 25 to 30 per cent since the letting of the contract for the Griggsville grade school building which was completed January 1. It was observed also that attorney fees in the Griggsville Community High school row, with three years' interest on same, amounted to almost one-third the cost of the general contract. The enrollment in the Griggsville High school has slightly more than doubled in the last four years.

## ARENZVILLE

Arenzville, May 24.—Trinity Lutheran Church Notes—Thursday evening at 7:30 p. m. Bible Class. This society was organized last winter and although in its infancy has done much good and will continue to do so if the members will attend. Don't fail to miss Thursday night.

Sunday, May 27, 9:15 a. m.—Sunday school.

Sunday, May 27, 10:00 a. m.—English service.

Sunday, May 27, 7:30 p. m.—German service.

Clarence Roegge and family of Joy Prairie spent Sunday in Arenzville.

Mr. and Mrs. J. L. Lovekamp and daughter, Esther, spent Sunday in Jacksonville.

Wm. Boelschmidt and Bernard Meyer motored to Arenzville Tuesday evening, returning to Jacksonville the same evening.

Al Hornberg of Chicago is spending a few days in Arenzville.

Miss Elizabeth Slaughter of Jacksonville spent Wednesday in Arenzville.

Brief talks were made by M. B. Keplinger, Frank Miller and Rev. Mr. Sherman, and altogether it was an occasion which was inspiring to all present. Dainty refreshments were served in the course of the evening.

**ZION.**

Little Marie Barber had the misfortune to swallow a grain of corn last week, which is supposed to be lodged in the region of the lung, and is causing some pain and discomfort.

Memorial services will be at Zion Sunday, June 3rd. A more extended notice will appear later.

## ELKS VOD-VIL REVUE NEXT MONDAY

Tickets for the third performance of the Elks Vod-vil Revue have been placed on sale and are going fast. As many people want to see the Revue at the Grand Theatre next Monday evening, it seems, as when the first performance was given two weeks ago. Another packed house for this excellent entertainment is now practically assured.

Few amateur productions have ever been given here that compared with the Elks Revue in professional snap and atmosphere. This is probably due to the care taken in selecting the cast for the various acts. The majority of the performers, should they choose to devote their entire time to the stage, could qualify without further preparation. Some of them have had professional experience, and all have appeared in local entertainments before.

Some of the city's best known singers are in the cast, as well as musicians and comedians. The show is a delightful combination of music, color and fun from curtain to curtain.

People who have seen the Revue before will testify that it's "The Biggest Dollar's Worth Ever."

## MAY 30 IS DATE SET FOR BIG GOLF MATCH

Evans and McDonald to Meet Keywood and Knight in Exhibition Match on Local Links Next Wednesday—Association Sends Notices Far and Wide

Chic Evans and Bob McDonald, one the amateur golf champion of the west, and the other the holder of the world's professional long distance driving record, will play an exhibition match on the municipal links at Nichols park on Wednesday, May 30. They will be opposed by Jack Keywood, the local professional, and George Knight, the professional at the Illinois Country club in Springfield. President Farrell of the local Golf association received a telegram recently from President McKinley of the Cook County Municipal Golf association, announcing that McDonald and Evans could not come on June 3rd, as had been arranged, but would be here on May 30.

The local club is now busy making arrangements for the match. Committees will be appointed to sell tickets, handle the crowds and attend to other matters. Notices of the change in date are being sent to nearby cities and towns, and large delegations of golf enthusiasts are expected.

In order to defray expenses of the match, the local association will sell tickets for a nominal sum. A crowd of many thousands

is expected to witness the exhibition match. Jacksonville is unusually fortunate in securing the famous players. There are other cities where the golfers are looking upon Jacksonville with envy and wishing they had the opportunity of securing Chic Evans for a match on their links. He is coming to this city thru the friendship of officials of the local association.

## TWO TENNIS LEADERS PREDICTED WINNERS

CHICAGO, May 24.—Eddie Wilson, Chicago and Captain Treadwell, Wisconsin, by their exceptional play in the first round of the Big Ten tennis championship play here today, are predicted to go to the semi-finals by experts watching the play.

Wilson defeated Magison of Wisconsin 6-3; 6-3, and Captain Treadwell won from Rhodamar, Indiana 6-2, 6-4.

## PIRATES DEFEATED CARDINALS 11 TO 4

Found Four Pitchers Hard and Won Eighth Victory—Rawlings Plays With Winners

PITTSBURGH, May 24.—Pittsburgh pounded three pitchers today and kept their home slate clean by defeating St. Louis 11 to 4. It was their eighth victory without a defeat on their own grounds.

Johnny Rawlings who was obtained by the Pirates in a trade with the Philadelphia Nationals, played second base today, replacing Tierney who went to the Phillies. Traynor hit a home run in the seventh inning.

Lavan, St. Louis shortstop, struck in the face by a pitched ball during batting practice, was unable to play. The score:

## WEAK THROWING ARM MAY FORCE MACK TO BENCH SENSATIONAL RECRUIT

By NEA Service  
Philadelphia, May 25.—A weak throwing arm may ultimately force Connie Mack to bench one of the most promising youngsters that has broken into the majors in years.

Reference is made to Center Fielder "Wild" Matthews, who has been holding down that position in the Athletics' lineup since the opening of the season.

Matthews is a mite of a ball player on the type of Willie Keeler. As a matter of fact, he resembles the late Keeler in many ways, except that he does not choke his bat. On the contrary, he takes a healthy cut.

Matthews is a fine lead-off man. Being small, he is hard to pitch to. In addition he uses good judgment at the plate. He is very fast and can bunt or drag in the most approved style. He is an excellent fielder, being able to cover plenty of ground and is a sure catch.

His one fault is a very weak arm. True, not many outfielders are throwing out men at the plate these days.

Matthews, however, is placed at a disadvantage because of his arm for on balls hit into his territory opposing players run wild. Knowing this, Matthews tried to hurry the execution of plays on ground and fly balls, which makes for inaccuracy.

His manner of catching a fly ball a la Rabbit Maranville, with his hands cupped against his stomach, also tends to make it a more difficult matter to get the ball away quickly.

Matthews is a hustler. He is always trying. If Frank Welch of the Athletics, who has much natural ability, hustled like Matthews, he would be one of the stars of the game.

Despite several games that Matthews has lost because of poor throws, Connie Mack sticks to him, contending that his assets will win more ball games than his faults will lose.

## INDIANS TROUNCE BROWNS; SCORE 6-1

Coveleskie Pitches Fine Game for Cleveland—J. Sewell and Brower Clout Brown Hurlers for Two Homers.

ST. LOUIS, Mo., May 24.—Cleveland took the first of the four game series with St. Louis today, six to one. Coveleskie was in fine form, only 15 batters facing him in the first five innings. J. Sewell hit a home run off Shocker in the sixth, clouting the ball into the right field stands and scoring behind Speaker and Summa. In the eighth Brower hit over the right field stand for a four bagger off Bayne. The score:

**Michigan Clinches Big Ten Title**  
ANN ARBOR, Mich., May 24.—The University of Michigan virtually clinched the Western Conference baseball title today by defeating Illinois, 11 to 7 in a free hitting contest. Shackleford's home run in the sixth with the bases filled gave Liverance, Wolverine pitcher the runs needed to win.

Illinois' three pitchers were hit hard, while Liverance had only one bad inning.

**Russell in Iron Man Role Works in Nine of First 15 Games for Washington**  
Pitcher Allan Russell, secured by Washington in a trade with Boston, that also brought Catcher Ruel for infielder Shanks and Catcher Picinich, must have a rubber arm.

In the first 15 games played by the Washington club Russell appeared in nine of them in the role of pinch pitcher. Not one contest did he start. In most of the games he has acquitted himself most creditably.

If Russell should keep on breaking into the lineup at the gait he has started, it's a cinch that he will break all records for doing the "iron man" role.

Manager Bush of the Washington club has been forced to rely on Russell because of the crippled condition of his pitchering staff. The injury suffered

by George Morgridge by being hit on the pitching wrist with a batted ball rather upset Bush's plans.

Morgridge is a great man for relief work, particularly against a club with a lot of left handers in the lineup. No doubt had Morgridge been in shape he would have shared the relief work with Russell instead of the spitballer being called upon to do practically all of it.

In all probability Russell will get a number of chances to start soon. Russell has a habit of bearing down on every ball, so that as a rule he begins to weaken about the seventh inning. As a pinch pitcher, however, he can go three or four innings at top speed.

## ILLINI ATHLETES IN FINAL MEET

URBANA, Ill.—On the University of Illinois track squad which will defend the conference championship in the big meet at Ann Arbor June 1 and 2, there will be just eight athletes who are closing their collegiate careers as far as Big Ten competition is concerned. This is a pretty good indication that Coach Harry Gill has a young team.

The oldsters are Captain Paul C. Sweet and Ray Fitch, quartermilers; Dick Patterson, R. S. Bohon, Ed. S. Wells, and Russell Scott, distance runners; Sam Hill, hammer thrower; and H. J. Collins, pole vaulter.

Captain Sweet is a high class 440-yard man who was a member of the relay team which established new record in the quarter-mile race in the Drake games. He will run on the mile team at Ann Arbor. Wells and Scott were members of the Illinois four mile relay team which won the event in the relays at Illinois, Kansas and Drake.

Scott is one of the Illinois hopes in the two-mile. Sam Hill recently established a new Illinois record of 153 feet 2 inches in the hammer throw, which event he has won for two years in the conference meet.

Collins has been a consistent pole vaulter. Patterson's best performance was a mile in 4:26 in the Notre Dame meet this year. Fitch is a member of the mile team which hopes to place second to the champion Iowa quarter.

Fitch plugged away for nearly three years as a member of Gill's squad before he began to show speed.

These men, of course, will especially be eager to make the best showing of their lives. Gill is carefully nursing the Illini runners, vaulters and jumpers that they may not lose their keen edge.

Carlinville, Ill., May 24.—Shurtleff college baseball team of Alton defeated Blackburn college here today by a score of 7 to 6. Both schools are members of the Little Nineteen league.

**Boxing Routs in Chicago Called**  
Chicago, May 24.—Boxing scheduled here tonight called off when the manager failed today to obtain an injunction to restrain the police from interference. City attorneys' action to prevent the issuance of the injunctions by means which boxing promoters for months have sidestepped drastic Illinois anti-boxing law.

By The  
Associated  
Press

CLOSE OF WHEAT IN  
CASH MARKET HIGHER

CHICAGO, May 24.—Cash grain  
gossip: Wheat in the cash market  
closed 1/2¢ higher today. Premiums  
and discounts were about 1¢  
better on red grades but otherwise  
winter grades were unchanged.  
Spring wheat was normally firm-  
er. Shipping sales here were  
5,000 bushels. There were sales  
of 15,000 bushels to go to store  
here. New York reported 400,000  
bushels of wheat worked for ex-  
port.

Corn closed 1/2¢ better. Premiums  
were firm on mixed grades,  
unchanged to a trifle easier on  
yellow and unchanged to 1/2¢ better  
on white. Shipping sales here  
were 330,000 bushels.

Oats closed 1/2¢ better. Premiums  
were unchanged to 1/2¢ higher.  
Cash sales here were 50,000  
bushels.

Cars inspected: Wheat 21, corn  
30, oats 46.

### ASBURY.

Asbury Aid society will meet  
at the home of Mr. and Mrs. Earl  
R. Hembrough, Thursday after-  
noon, May 31. The hostesses  
will be Mrs. Hembrough, Mrs. J.  
C. Becker, Mrs. Frank Hem-  
brough, Mrs. John Cully and Mrs.  
Carl Hembrough. All members are  
requested to be present.

Misses Alma and Inez Winter  
entertained about 40 of their  
friends at their home Friday eve-  
ning. Games and music afforded  
much pleasure after which de-  
licious refreshments were served.  
Mrs. Carl Hembrough has re-  
ceived word that her brother,  
William Megginson and family of  
Galesburg are now visiting their  
sister, Mrs. A. E. Hembrough and  
family near Bronson, Kansas and  
that they will soon be here for a  
visit.

Mr. and Mrs. George Hem-  
brough and daughter, Marie and  
Mrs. Carl Hembrough attended the  
May Day program at the Wo-  
man's college last Saturday after-  
noon.

Miss Eva Jane Crowe of  
Clements is visiting this week  
with her cousin, Miss Brenda  
Craig.

Mr. and Mrs. Clarence Henry  
of Woodson spent Thursday with  
Mr. and Mrs. Earl Hembrough.

Mrs. E. M. Tindall of Orleans  
and Mrs. G. W. Hembrough and  
Mrs. C. L. Hembrough attended the  
Woodson Woman's club pic-  
nic held at the home of Mr. and  
Mrs. E. R. Hembrough, Thurs-  
day.

Shelly Brummet of Jackson-  
ville visited his sister, Mrs. Owen  
Maynard Wednesday.

Lawn mowers called for,  
sharpened and delivered,  
\$1.00. Calls made Tues-  
days and Fridays.

### RETURNS TO KANSAS.

P. C. Irwin left last night for  
Iola, Kansas, on account of the  
serious illness of a relative. He  
expects to return to Morgan county  
in the course of the next two or  
three weeks to begin further drill-  
ing operations in the gas field  
northwest of the city. The failure  
to secure a new rig of which ship-  
ment was expected prevented the  
beginning of drilling work during  
the past week.
